## FABRICATION & 3D RENDERING

RATES VARY BY PROJECT PARAMETERS

Our in-house fabrication team of industry pros, builds custom sets and scenic pieces to your specifications for in-studio sets or on-location add-ons.

To be sure each decision is made with confidence, our 3D modeling can provide you with an accurate-to-scale 3D rendering depicting every detail prior to the build, saving man hours and eliminating costly mistakes in pre-production.
